

## COMPANY / CAPABILITY OVERVIEW

- Engineering
- Fabrication, Manufacturing, Profile Cutting and Sheetmetal
- High precision bending software for accurate folding
- Latest technology eco-drive press-brakes
- Turn-key production from drafting, profile cutting, fabrication to surface finish
- Australian family owned and operated company

## CAPABILITIES

- In-house design capability (Solidworks & Inventor)
- Heavy Metal Fabrication
- High Precision Manufacturing
- Robotic Welding
- Sheetmetal Profile cutting
- Laser & Drill Plasma Cutting Machines
- Surface preparation & painting facility
- On-site Installation
- Maintenance

## CONTACT

Name: Jano Tuchyna

Phone: 08 8252 8777

Email: [jano.tuchyna@sonnex.com.au](mailto:jano.tuchyna@sonnex.com.au)

Web: [www.sonnex.com.au](http://www.sonnex.com.au)

Address: 9 Walsh St, Elizabeth South  
South Australia, 5112

## COMPETITIVE DISCRIMINATORS

- Rapid turnaround.
- Inhouse metal processing technology.
- High precision profile cutting and brake press machinery
- Precision sub-assemblies Fabrications
- Robotic Welding
- Over thirty years of experience in manufacturing.
- New manufacturing facility near Edinburgh.

## CERTIFICATIONS / ACCREDITATIONS

- ISO9001:2015

## PARTNERS & CUSTOMERS

- Sonnex has diversified from the Automotive Industry to service a range of industry sectors including Defence, Transportation & Rail, Automotive, Mining & Resource, Manufacturing, Construction, and Power Generation.
- Formerly a top-tier supplier to GMH
- Current customers include Supashock, Babcock, ASC, Orora, Leighton Contracting, Monadelphous, General Electric, AGL, CFCLA, Broadspectrum, DSTO, Department of Defence, Edi Rail, Flinders Ports
