INTERNATIONAL EXCELLENCE

POWERHOUSE is a **100% AUSTRALIAN** owned & operated **SUPPLY CHAIN MANAGEMENT** organisation, offering “reliable & tailor made” **FREIGHT** and **CUSTOMS SOLUTIONS**.

POWERHOUSE Logistics has been providing excellence in global transport services, international freight forwarding and customs brokerage since 1989.

We value and understand that your company has very specific import and/or export requirements.

Our services are tailored to meet and exceed customer expectations, with competitive pricing and a focus on quality assurance and innovation.

With global connections spanning some 250 offices in over 60 countries across the world our network of independent, privately owned logistics companies, HTFN www.htfn.com is the international connection for POWERHOUSE and provides access to far greater resources than can be offered by most of the multi-national logistics providers.

OUR ASSURANCE

POWERHOUSE's dedicated team will analyse your supply chain and deliver the results you deserve. We will allow your company to re-focus on your primary business and improve your supply chain efficiencies.

OUR STRATEGY

Integrating real time software and automating our processes and as such increasing productivity and efficiency. Nurturing partnerships and operating services around the world to provide excellence in international supply chain solutions to and from all countries.

OUR GOAL

We will fulfil our customers' expectations on an ongoing basis; to offer them clever supply chain solutions; to be respected by them for our value-added contribution to their business and to always be our customers first choice when it comes to global logistics.

POWERFUL. PASSIONATE. PROFESSIONAL.
