GHE LIFTING

Overhead Crane Service & Inspections

GHE Lifting offers regular, scheduled overhead crane servicing quarterly, bi-annually or annually as required, and compliant to AS1418.

This includes log books, nationally recognised colour coded tag system and our online asset management portal – GHE Streamline.

Our teams of service technicians are highly qualified with security clearances and work licences allowing them to work on all sites. On completion of your regular maintenance,

GHE Lifting provide a comprehensive maintenance documentation identifying which assets have been serviced and any further repairs required. We guarantee a response within 24 hours allowing for on-time compliance with health & safety regulations.

Tag & Reference System

Each Asset and Item is tagged for compliance as per the following;

Monthly, Quarterly and Half-Yearly

- January to March – Red
- April to June – Green
- July to September – Blue
- October to December – Yellow

Yearly Tags

- 2020 – Purple
- 2021 – Orange
- 2022 – White

GHE LIFTING

Asset Management

If you have an existing asset listing of all your lifting equipment we can upload it to our database straightaway, or alternatively we can create a register on the first inspection that we carry out.

Generally a remote area travel charge applies for outside-metro areas, however this can be significantly reduced by coordinating your inspection schedule to correspond with our other GHE Lifting clients in the area.

Other benefits of managing your assets with us include:

- Project Management & Service Coordination
- GHE Streamline - Online Portal Reporting

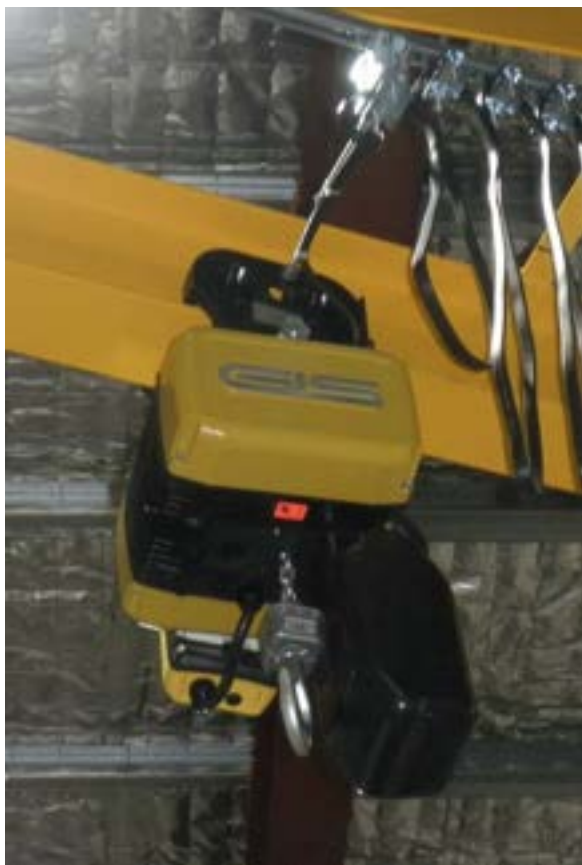

Hire Equipment

GHE Lifting will get you a premium crane without that large one time investment.

Our equipment hire process is simple:

- Select the crane or hoist you want from our product range
- A fixed monthly charge means easy budgeting
- When your production changes, your equipment can be easily upgraded to match your new requirements
- Includes preventive maintenance with GHE Streamline, routine maintenance including all wear and tear parts, repairs and 24/7 on-call service
- At the end of the rental period, you can decide if you want to continue the rental agreement, buy the equipment with an agreed price as an option or simply return the equipment to GHE Lifting.

GHE LIFTING

Service Level Agreements

GHE Lifting provides service agreements for maintenance and repair services that are tailored precisely to your needs following individual consultation by the service partner.

Thanks to individual adaptation and the clear layout, the scope of services and costs are transparent and easy to understand.

Benefits with working with us:

- Optimum availability
- Convenience
- High performance
- Professional advice
- Cost effectiveness
- Assurance

Together with you, GHE Lifting looks to partner with you to determine the appropriate scope of your service agreement.
